EIGHTH GRADE PICNIC

Prof. Standiford with his school of over forty five nearly grown ups spent Saturday picnicking. Hay wagons were secured and the many baskets were loaded with all kinds of good eats.

Mrs. Romick looked after the girls and added much to their pleasure. Besides this the rain came but all were prepared for the worst and it only made more fun. The woods near the Methvin farm were reached and the dinner soon prepared. Prof. Standiford furnished all the ice needed and plenty of good lemonade was ready for all.

To say the eighth grade has passed another successful year under Prof. Standiford's efficient instructions is saying but little for his faithful work. After so good a year he thought it no more than right to end it with one glorious picnic. However the Board of Education has secured the services of this well liked teacher for another year. Let the good work roll along.
